Thank you! Jun 25, 2015 Progressive Character, Endless Story I recently got the latest issue of video game magazine Dengeki Nintendo Power. It was a special issue due to the 20th anniversary of Mario's debut, with some of the staff playing the new Super Mario Bros. 2 that was recently released on the Nintendo 3DS. I couldn't help but think of something that would be easier to digest, like a 16-bit RPG for the 21st century. After entering the world of the game, I was introduced to my party, who had been selected for their strengths and weaknesses. Princess Peach: Ability: Magic Magic Skill: Bombardment Magic Attack: Explosion Magic Defense: Healing Party leader. Princess Peach is the daughter of the royal dictator of the Mushroom Kingdom. She has a big heart, but if you get on her bad side, she's liable to turn evil and do some really bad things. Rocko: Ability: Swimming Swimming Skill: Levitation Swimming Attack: Barrier Swimming Defense: Auto-Defense Party member. Rocko is a tough guy and a close friend to Mario. He got his nickname because he looks like a caricature of a gorilla, and is often played by the same performer. He can't swim, but with the healing ability to give him a major advantage. Mario: Ability: Jumping Jumpin' Skill: Repel Jumpin' Attack: Jump, Kick Jumpin' Defense: Auto-Defense Party member. Mario is the main character. He is lazy but has an easy-going personality that you can't help but like. It is on the planet Koopa with a partner named Luigi that Mario will meet the other half of his story. - [Introduction] ----- [Developer's] Message: Welcome to the world of ELDEN RING. Now, let us introduce the gameplay of the Elden Ring. - [Play Style] ----- The various play styles for online play, such as traditional PvP, PvE, and mixed PvP/PvE. Established with the creation of a new story in the world of ELDEN RING, this is the novel design centered on player interaction. The character control method is like the traditional RPG. You can freely move your character anywhere on the screen while controlling your ability. The power of the Elden Ring that you gain from the completion of quests and the extensive abilities in each map that you unlock are built from player interaction. The order of the quests and decisions regarding the world are made by both you and other players. - [Online] ----- Players other than yourself can attack or assist you. The various levels of player interaction are formed into a single network. The smooth transition from PvP to PvE and vice versa and the ability to play in the same world regardless of where you are located is maintained in accordance with the context of each map. [PRIMARY FEATURES] - [Open World Adventure] ----- This world is divided into three types of lands where you can freely explore. Open Fields: a vast world that is vast, without obstacles that hinder movement. Bog Towns: a large region full of dangerous beasts and monsters. Vale: a metropolis where you can train your character, where you can gather the information necessary to win in PvE, and where you can acquire your own items and equipment. - [Open Feudalism] ----- The map design and map interactions are kept in accordance with the variety of conflicts between the lands, which are ultimately divided into open Feudalism and Clann Feudalism. - [Open PvP] ----- You can attack players who are not in your party in PvP. - [Mixed PvP/PvE] ----- You can attack players who are not in your party in PvP. In PvE, you can leave your party and deal with other players by yourself. You can end the connection between your

♦**Fantasy Action RPG A Tarnished Dream The Amazing Lands Between is a world that was once filled with magic and shining promise has slowly faded into darkness. Numerous towns and hunting grounds have been abandoned, and the once well-known Elden Gods have disappeared. When a player defeats an Elden Deity, they can collect magic or energy from them, thus gaining strength to progress. In this world where there are only monsters—no human friends—do you dare take on such a formidable enemy? If you would like to plunge into the world, please battle your way out of the darkness. *Features of the Fantasy Action RPG* ■ A vast game world. An area with a variety of gameplay including the player's ability to freely progress. There are open fields, mountains, and tree-covered areas, as well as with dungeons that are split by artificially reconstructed and three-dimensional designs. ■ New fighting system. A fighting system that provides a variety of actions that you can execute based on the current conditions. Your team's strength is determined by two factors: the battle gauge and the health points of the individual members. ■ Experience has been gathered. A variety of events will occur in the game world. As you acquire your progress, there will be many things for you to take on and many rewards you will receive. *Attributes and Features of The Tarnished Dream***

Zika virus has been causing fits all over the world, the H1N1 2009 flu pandemic is now being touted as the mother of all flu pandemics. But before that - let's look back to August 8th 1954, when the Hong Kong flu, a type A influenza virus that was mutated by a process called reassortment, reached some of these crowded Japanese cities. At this point it wasn't called H1N1 because it had not yet been defined and recognised; hence it just went by its "swine flu" name. It was like a virus nightmare for this country. These people that were infected contracted the virus from tainted poultry that were being sold in the streets. All 26 dead chickens were collected in a small vase, which was then sold as souvenirs. Then came the toll The toll was severe. Of the 66,000 people that got sick, 20,000 people died within months. But it had to be just a fluke. In these crowded cities, maybe it was just that chicken flu that it just had to have been a fluke, maybe it was just a one-off. No one really knew and that's why the world was calm. Then the swine flu descended from the jungles to a jungle. It was now officially named and recognised. In 1957, Singapore's first major outbreak occurred. Singapore's first major outbreak occurred in 1957, and from this time until 1976, there were 20 major outbreaks in the country. Most of the time, the strain of virus is A/Hong Kong/1/1968. In 1976, something remarkable took place. The strains of the virus interbred, resulting in a new virus that was a hybrid, hybrid, which is the Spanish flu. In fact, for the next five years, this hybrid was rampant in Hong Kong. If only Hong Kong people can be this lucky every once in a while. But then the Severe Acute Respiratory Syndrome (SARS) pandemic took over the world. SARS fever SARS is a respiratory disease of swine origin that has spread rapidly over the world. Although it is believed to have originated from the Guangdong region of China, the first cases to report to WHO were not observed until November 2002. In the following two years,
