2009 124.Melody's first surviving album cut, written by Scepter's 100
member chorus in 6/8, is an anthem that set the stage for her career.
Melody's uptempo arrangements bring focus and urgency to the song's
emotional message. With clarity and conviction, Melody conveys a
message that rings true today. This is one of the most emotional songs
that I've ever heard and the whole thing is so heart felt that I'd be willing
to bet that most of you reading this have been at a similar point in your
life that this song is about. But this is a mantra that you need to live by
at this moment in your life, if you don't want to end up in the same
situation. Melody was a great roadie, working with Bearded Theory, Bill
Laswell, and many other musicians. But her talent wasn't lost on her
fans. We welcome Melody back into our hearts and our lives as she
returns with powerful and heartfelt new music. Demo. P.S. - We've put
together a website for Scepter.com featuring her lyrics as well as a
download of all of her lyrics. Check it out: 6d1f23a050
