the entire film has been shot in the city of jaipur, where it is the capital of rajasthan. my brother and i wanted to shoot the film in india as part of our first official collaboration with tollywood , and the love for india and the people in it are both a huge part of our hearts. we went for an authentic-sounding, and at the same time, feel-good, film that was all about people for people. the story revolves around indian princess gitanjali (ileana d'cruz) and her royal family. one day, the president of india invokes the emergency, takes all the gold, and sends it to delhi in a truck. the people of the country are in a state of panic. upon receiving this information, rudra pratap singh (denzil smith) assembles a team to stop the truck and recover the gold. he gets involved with the many characters and their stories on the journey to stop the truck. on the way, all sorts of drama and a roller coaster ride ensue, between relationships, deception, betrayal, death and life. baadshaho 2017 movie free download hd dvdrip full name: baadshaho 2017 movie free download release date: 1
