For a while now i've been looking to get a program which can help me with tajweed and memorization, but i didn't find any program of such quality. I would know whether the books are written by the authors or their students.

Even though my intentions are to learn Quran by myself, I could not find any reliable resources on the internet. So i decided to try "free Quranic aqidah App". I am astonished with the results. I do not know how it has done such a great job. I have memorized a few verses and reciting them for almost 5 days in the past. Just before that i was practicing by myself in the mirror only but i could never memorize anything. Hi Friends, this is Hanan Ahmed, I have compiled a full length pdf of this book which is very useful for beginners who want to know the basics of Quran recitation rules. This book contains all the tajweed rules in both the forms of Bihak and the tajweed rules are based on old school (Ma'lumah Saheeh Al-Kareem) or narrated by a Nadra or a Hafsa/Nasima.
