
Unreal Gold (DirectX 11 HighRes Textures) Repack

This repack will stay here forever, no matter how many updates the game gets or how many times I repack it. Old is gold. What's with the mods? You can play the original Fallout 3 or a Fallout 3 mod with some new locations and some new quests. If you want, I can repack Fallout 3 with mods, but you shouldn't, because then you have to add a couple of tens of minutes of gameplay, and I don't want to do that. Also, I love this repack because I can create a new Fallout 3 in one evening, and then start playing it without having to re-buy a license to get all the new locations and new quests.
