He's pure musical bliss, and I'd just like to thank the reason he's not here anymore is for a very sad reason. It makes this a much better opportunity to show how great he was - June 27, 2018The best bassist in the world Reviewer: Omii - favorite favorite favorite favorite favorite - June 27, 2018 Subject: BASSIST! Jonty and the entire crew from Audiobro were just the best. Thanks for sharing the albums. Enjoy your new solo career. Peace - June 27, 2018Mad Bass Reviewer: AxelDion - favorite favorite favorite favorite - June 21, 2018 Subject: Neo-jam legends are at it again I love seeing the old guys, who have been releasing records for years now, still making it sound contemporary, fusing genres together. It just proves that the collision of genres is alive and well. The very first pedal has something that is not there anymore, someone is saying: "I'm gonna take a detour, I'm gonna do a few sixstring and keyboards". I love it! It gives me a great feeling, as it was about 5-6 years ago with jamband bands. The album almost comes alive when I listen to it in the car; I can feel the buzzing of the car's tires over the electric circuit. Thank you guys for that. 5ec8ef588b
