The protagonist of the fantasy action RPG directed by Koei Tecmo, the producer of the famous “Demon’s Souls” and the “Zodiac” series, is called Tarnished. Players can freely choose from a variety of classes and develop their characters in a vast world, which is unique for a fantasy RPG. Additionally, swords are not the only weapons in the game. Using a unique “Interchangeable Weapon System”, players can freely equip weapons that they obtained or crafted. Thu, 31 Mar 2019 21:32:21 GMT>The father of the Hong Kong activist who punched a Chinese official in the face during a protest had no problem with that reaction, saying even a “peaceful” response was “accepted” in a soviet Russia. Amnesty International echoed his sentiments, stating that Alex Chow’s punching attack was “absolutely, 100 percent” justified. Chow, 32, and now a convicted felon, assaulted a human rights official outside Hong Kong’s Legislative Council on September 9th for his role in a pro-democracy protest on the previous day. Hong Kong’s Secretary for Justice, Teresa Cheng, had a go at Chow in an official statement by calling his violence an “illegal act” after he was charged with assault earlier this week. They say as long as there’s violence on both sides, then it’s fine. This is how the father of Hong Kong’s #fightforthefreedom leader felt about Alex Chow’s self defense. “It’s normal. This is how we react in #RUSSIA.” Note that there is no assault in a #fightforthefreedom action. — Amy Knight
