I can't even remember how many hours I've plowed through AG2P. It's been a long haul, but I've been looking forward to it since day one.

AG2P is filled with superbly crafted dungeons, an engaging story, and some of the best gameplay in 2015.

This game has a story that really stretches your boundaries. It's easy to get lost in its odd narrative, as it twists and turns, but the payoff is definitely worth the journey.

The storyline is much like a big mystery with a lot of questions that I'm still dying to be answered.

Regardless of how deeply you delve into the story, there is a lot to experience here. Not just dungeon racing: explore the lands beneath your feet and step into this gritty, yet whimsical world. It's the strong in-game design that makes this game so addictive.

This is the quickest gaming experience I've ever had. I can usually sit for hours at my computer as an expo arena greets me with a long eternal loading screen. But, there's just no waiting around in Arcane Gates 2 Party Play.

With no loading screens or stalling in the action, it's easy to forget about all the extra time in the open-world and focus on just getting to the next breathless moment.
